

Policy

Local Content

1 Purpose Statement

Tallai Project Group is committed to maximising and prioritising the utilisation of local goods, services and suppliers in the regions in which the company is operating. Under this policy, Tallai endeavors to optimise the use of Australian content where reasonable, fair and appropriate.

We recognise that the engagement of local service providers and personnel ensures not only greater financial benefit for the local companies and communities involved but, also, expands the local knowledge available to Tallai and assists in minimising the overall ongoing operational costs of our business.

Tallai commits to employment of suitable local employees in the first instance, with subsequent priority given to location by region, State and Country.

Tallai commits to fulfilling our social obligation for the betterment of our employees, clients and the overall.

2 Objectives

Tallai Project Group actively supports and participates in the local community through:

- Support and utilisation of local services and suppliers
- Direct employment of local employees
- Fundraising for local charities and causes
- Attending relevant community events
- Promoting family attendance at company functions
- Support to community not for profit organisations

3 Responsibilities

It is the responsibility of the directors to ensure local goods and services are prioritised, where fair and reasonable, on all projects across the various regions where Tallai operates.

It is the responsibility of the HR Representative (Project Coordinator) to ensure all Tallai employees and sub-contractors are aware of this policy.
